RailTel Corporation of India, a Mini Ratna PSU under Ministry of Railways has received a work order for On Site Security Operations Center (SOC) and Network Operations Center (NOC) with high availability solution with 5 years Support Installation and Training under the Immigration, Visa, Foreigner's Registration and Tracking (IVFRT) project. This order has been received from National Informatics Centre Services Inc. (NICSI), a Govt. of India Enterprise under NIC. The value of this work order is Rs. 39.37 Cr. (Incl. Tax). The scope of work includes Supply, Installation, Testing, Commissioning, Training of the SOC and NOC solution with 5 Years of support.

IVFRT project aims to Modernize and upgrade the Immigration services. The core objective of this Project is to develop and implement a secure and integrated service delivery framework that facilitates legitimate travellers while strengthening security. The work awarded to RailTel shall enhance their IT Framework by encompassing intelligent next generation security making it more robust, agile and less vulnerable to cyber threats and online attacks.

**Talking about it, Shri Sanjai Kumar, Chairman & Managing Director said,** "The current order is in tune with the core expertise of RailTel in the management of IT Infrastructure. With this project, one can keep enjoying seamless, effective, and efficient online immigration services for one's travel to India keeping their records safe at the same time. We are glad to be a partner in the implementation of this project which is one of the Mission Mode Projects undertaken by the Ministry of Home Affairs, Govt. of India under the National e-Governance Plan (NeGP). We are committed to provide quality & satisfactory services to our clients. We will continue to look for more similar projects to enhance our revenue stream".
