Press Release

RailTel to execute Cloud based Enterprise Resource Planning ERP System for Shri Vishwakarma Skill University (SVSU), Gurugram, Haryana.

The value of this work order is Rs.18.72crs. (Including GST).

This is first of a kind ERP order for RailTel for any University.

The integrated system of ERP is proposed to include several modules pertaining to entire gamut of activities of SVSU.

We are eyeing for more similar projects from other Government & Private organizations: Smt. Aruna Singh CMD, RailTel.

RailTel has received a prestigious order in ICT category from Government of Haryana for design, development, configuration and implementation of Cloud based Enterprise Resource Planning ERP System for its Shri Vishwakarma Skill University (SVSU) Gurugram, Haryana which is the first Skill University in the Country. This is first of a kind ERP order for RailTel for any University. The value of this work order is Rs.18.72crs. (Including GST).

Enterprise resource planning (ERP) refers to a type of software which helps implement resource planning by integrating all of the processes and activities needed to run the organization with a single system.

Under this work order, there will be fully Web (Internet / Intranet) enabled Web Based ERP deployed on a Cloud Platform. The work will be implemented in two phases. The Phase-1 is to be completed within 6 months and the Phase-2 implementation & overall go-live within 12 months. This work as well includes 5 yrs. Annual Maintenance Contract (AMC) (Operations & Maintenance) post implementation.

The scope of work includes support up to 30,000 concurrent users and have, provision for dynamic configuration upto 1, 00,000 users, provisioning of dashboard with Domain Name System (DNS) & DNS hosting for ERP system and Training of SVSU Employees.

The integrated system of ERP is proposed to include several modules pertaining to entire gamut of activities of SVSU namely: Administration Management, Academic/Student Management System, University Examination, Skill Assessment Module, Accounting & Finance, Library Management System, Estate Management, Internal Quality Assurance Cell (IQAC), International Collaboration, Skill School Management, Training, Placement & Industry Integration, Affiliation Portal module, Students Activity module, Website, mobile app development & Management, Integration of Virtual Classroom/meeting/webinar platform.

Talking about it, Smt. Aruna Singh Chairman & Managing Director, RailTel said, "ERP is now being deployed by organisations to increase efficiency and productivity and

reduce operational expenses. 'Cloud- based' ERP as compared to 'on-premises' ERP solutions is very convenient for the organisations as it saves their man power and cost. RailTel has got modern cloud infrastructure spanning across its Tier-III Data Centres which are certified by Up-Time institute USA and its cloud offering has been empaneled with Ministry of Electronic & Information Technology (MeitY). In view of its assets & domain expertise, RailTel will effectively implement this ERP project of SVSU. We are eying for more similar projects from other Government & Private organizations."

About RailTel:

RailTel, a "Mini Ratna (Category-I)" Central Public Sector Enterprise under Ministry of Railways, is one of the largest neutral telecom infrastructure & ICT Solutions & Services providers in the country, owning a Pan-India optic fiber network covering several towns & cities and rural areas of the country. Along with a strong a reliable network of 61000+ RKM of Optic fibre, RailTel has two MeitY empaneled tier III data centers as well. With its Pan India high-capacity network, RailTel is working towards creating a knowledge society at various fronts and has been selected for implementation of various mission-mode projects for the Government of India in the telecom field. RailTel offers a bundle of services like, MPLS VPN, Telepresence, leased line, Tower Co-location, Data center services etc. RailTel is also working with the Indian Railways to transform railway stations into digital hub by providing public Wi-Fi at railway stations across the country and 6100+ stations are live with RailTel's RailWire Wi-Fi.
