**RailTel has developed its domain expertise in the field of establishing & managing data centers for its clients using cutting edge technology: Shri Sanjai Kumar, CMD, RailTel**

\*\*\*

RailTel Corporation of India Limited, a CPSU under Ministry of Railways has bagged an order from Webel Technology Ltd (WTL), a Govt. of West Bengal undertaking for **Capacity Enhancement of West Bengal State Data Centre (WB-SDC)**. The work order is valued at Rs 98.56 Crore (including GST). This order has been acquired through open competitive bidding process and reaffirms RailTel's expanding customers' base in this field.

WTL is a Govt. of West Bengal Undertaking under the aegis of Information Technology & Electronics Department, Govt. of West Bengal and is the State Nodal Agency & State Implementing Agency for implementation of all e-Governance related activities in the State. SWAN & SDC infrastructure of the State Government are spearheaded and managed by WTL

West Bengal State Data Centre (WBSDC) is a critical IT infrastructure of the State of West Bengal, which has been performing as Shared, Secure and Reliable Infrastructure Services-center for hosting and managing various e-Governance. Among its many services, some of the key functionalities are Central Data Repository, Secure Data Storage, Online Delivery of Services, Citizen Information/Services Portal, State Intranet Portal, Remote Management and Service Integration.

The Awarded Work entails supply, installation, commissioning & integration of Hyper converged Infrastructure with Necessary HCI compatible Network, Load Balancing, Backup Software, Software, Network Security, DLP Software, Application Performance Management Software & Centralized Monitoring Software. Scope of Work also covers the Non-IT Part of Data Centre. Proposed SDC centralized cloud environment will be used to host multiple

e-governance, citizen centric applications with simplified operations and increased application responsiveness.

**Talking about it Shri Sanjai Kumar, Chairman & Managing Director, RailTel said,** RailTel has developed its domain expertise in the field of establishing & managing data centers for its clients using cutting age technology. Securing this prestigious project from Government of West Bengal is an endorsement of RailTel's key position in the domestic IT space based on its strong technology expertise, process excellence and superior execution capabilities. Once this project is completed, e-governance will further get boost in West Bengal. We are committed to provide best services to our all stake holders. With such job orders, RailTel is well- positioned to win other State Data Centre (SDC) projects as well".

#### **About RailTel:**

RailTel, a "Mini Ratna (Category-I)" Central Public Sector Enterprise under Ministry of Railways, is one of the largest neutral telecom infrastructure & ICT Solutions & Services providers in the country, owning a Pan-India optic fiber network covering several towns & cities and rural areas of the country. Along with a strong a reliable network of 61000+ RKM of Optic fibre, RailTel has two MeitY empaneled tier III data centers as well. With its Pan India high-capacity network, RailTel is working towards creating a knowledge society at various fronts and has been selected for implementation of various mission-mode projects for the Government of India in the telecom field. RailTel offers a bundle of services like, MPLS VPN, Telepresence, leased line, Tower Co-location, Data center services etc. RailTel is also working with the Indian Railways to transform railway stations into digital hub by providing public WiFi at railway stations across the country and 6100+ stations are live with RailTel's RailWire Wi-Fi.
