

Delhi Metro Stations to become Wi-Fi Zone – RailTel signs MoU with DMRC

RailTel Corporation of India Ltd signs a Memorandum of understanding with DMRC for providing Wi-Fi facilities in five metro stations which will be dedicated to the huge number of commuters of Delhi metro. The MoU was signed in the august presence of Shri R.K. Bahugna, CMD, RailTel, Dr. Mangu Singh, MD, DMRC, Shri N.K. Gupta, Director Finance/RailTel, Shri Sharat Sharma, Director Operations/DMRC and other senior officials of RailTel and DMRC at DMRC headquarter , New Delhi on 20th May 2015 .

RailTel will enable the Wi-Fi facility in five stations namely Rajiv Chowk Station, Kashmere Gate Station, Vishwavidyalaya Station, Central Secretariat Station, Hauz Khas Station for DMRC. These stations are few of the busiest metro stations catering to a huge numbers of passengers daily. The Wi-

Fi facility will enable them to stay connected via high speed internet on the go as access to broadband is the first step to achieve the objectives laid down under Digital India programme.

RailTel, a premiere Telecom infrastructure provider, is already providing Wi-Fi facility in a number of Railway stations like New Delhi, Bangalore City etc. and in process of providing Wi-Fi to all major railway stations.
