

**Hon'ble MR Flags off 50,000th Coach manufactured by ICF and
Dedicates the new LHB coach manufacturing unit of ICF to the nation
from Railway Board New Delhi using RailTel TPaaS**

Hon'ble Minister of Railways, Shri Suresh Prabhu, flagged off 50,000th coach manufactured by Integral Coach Factory (ICF), Perambur, Chennai, and also dedicated the new LHB coach Manufacturing unit of ICF to the nation using RailTel's Telepresence service from Railway Board at New Delhi. Senior Railway Officials were also present during the ceremony.

RailTel was entrusted with providing the Telepresence service connecting Railway Board at New Delhi and Integral Coach Factory (ICF), Perambur, Chennai. A number of similar flagging off and inauguration has been carried out by Ministry of Railways in the past, connecting various places of

the country using RailTel's Telepresence service making it a trend.

RailTel's Telepresence Services is an enterprise class Full High Definition (HD) & secure multi-point managed video conferencing service that enables organizations to communicate/ collaborate with different user groups internally and externally and allows to enhance employee productivity and cut travel expenditure more effectively without the need of a face to face meeting. RailTel's Telepresence solution is a small step towards enabling a virtual world and it also compliments the current Corporate's and Government's goals of 'going green' and supporting sustainability. The solution being on OPEX model, the customer need not to own the hardware and bother about maintenance issues, technological obsolescence etc. The use of Telepresence has been shown to reduce travel costs, alleviate scheduling conflicts, increases productivity and promotes a more cohesive work force across the many time zones of our new global economy.
